

# Liberal & Labor both treat us like mugs

Paltry one-off electricity allowances and tax cuts but not until 2024. Labor and Liberal don't tell you the truth.

## One-off \$75 electricity payment doesn't cut the mustard

**SCOMO AND JOSH MUST THINK WE'RE MUGS**

The way the Liberals are talking you'd be excused for thinking Scomo has saved the power price problem forever! A one-off \$75.00 payment just doesn't

cut the mustard for struggling Australians. Politicians think we're mugs. Wake up Scomo and Bill! It's time for change.

## Liberal and Labor's dodgy tax cuts are not until 2024

**TAX CUTS PROMISES ARE ON THE NEVER-NEVER**

So the Liberals are going to give you tax cuts, but not until 2024! That means they have to win this election, the next election and probably the one after that before you get them. By then Scomo and Joshee will have gone walkabout.

Labor go one better. They'll give tax cuts in 2024, but also insult people earning less \$40,000 by pretending to give them one too! It's all on the never-never. Labor and Liberal just pull the wool over your eyes every time.

## Electric cars when power prices are through the roof? Wake up Labor

**AUSTRALIANS NEED PRACTICAL SOLUTIONS FOR THE PROBLEMS THEY FACE TODAY**

Electric cars? When our electricity prices are sky high? That's what Labor calls a great idea! Wake up Bill Shorten. Wake up Labor. How about you focus on bringing electricity prices down? The United Australia Party is all about practical

solutions for the problems Australians face today. We aim to ease the financial pressure on hard-working families who struggle to make ends meet week after week by reducing their power bills. Real solutions, not fantasy.

## Fast trains can revolutionise how we commute

**LIFESTYLE, HOUSING AFFORDABILITY AND PRECIOUS FAMILY TIME**

By introducing fast trains to travel, not between cities, but to the city from approximately 300 kilometres away, people can travel efficiently and be at work

in the CBD in around an hour. Families will be able to afford a real home and enjoy the lives they want.

## Stop the sell-off of our land to foreign powers

**CHINESE GOVERNMENT-OWNED COMPANIES OWN 10 TIMES MORE LAND THAN THEY DID IN 2016**

How can we allow our national herds and pastoral and grazing properties to be sold off to foreign powers while our parliamentary representatives stand by and do nothing? Chinese Government-owned investment companies now own

well over ten times more of our agricultural land than they did just three short years ago. By any measurement, this is an alarming increase that should be concerning to all Australians.

## Politicians are wasting your money

**LABOR & LIBERAL SPENT \$55 BILLION ON THE NBN AND IT STILL DOESN'T WORK**

Labor started the massive fifty-five thousand million dollars of spending on the NBN. What a huge waste of money. At the same time, there has been next to nothing from the government for farmers to feed their livestock during the

recent drought crisis that crippled their industry and their lives. It is clear that politicians don't care about us. Imagine the difference that money could have made to our schools, hospitals and the well-being of all Australians.

## Change how provisional tax is paid

**RELEASE \$70 BILLION INTO OUR ECONOMY & TAKE THE PRESSURE OFF SMALL BUSINESSES**

Provisional tax cripples many small businesses. By allowing small business and corporates to pay their provisional tax at the end of the year after they earned their money, instead of quarterly in advance, the United Australia

Party will release seventy-thousand-million dollars (\$70,000,000,000) into the Australian economy, creating demand, jobs and more jobs.
